

Cleaning Curtains

We use two different curtains in travel trailers: a loose-weave type for Classics and a polyester type for all other travel trailers. Both types can be machine washed however we recommend you hang-dry the drapes in Safari, Bambi, and CCD models.

Safari, Bambi, and International CCD Curtains

Note: These curtains are manufactured by Dana Mills, Inc.

1. Remove the drapes.
2. Dry clean the curtains.
3. Hang drapes up to dry so they don't shrink.

Classic Curtains

Note: These curtains are manufactured by Crestmont, Inc.

1. Remove the drapes.
2. Machine wash drapes using the gentle cycle. We recommend using Woolite™.
3. Dry the drapes using a drier or hang them to dry.
