

Information

Pets are welcome, provided they are kept on a leash, cleaned up after, and not left unattended. Pets are not permitted in Motel, Lodge, Cabins or our Travel Trailers.

Trash receptacles are marked on the map below. Please use them and help keep our campgrounds clean.

Campfires are permitted only in sites 24 to 185 in the Main Campground, and only in metal fire rings. Firewood is available at a nominal charge.

No laundry or dishwashing in restrooms.

Water is a resource. Ours comes from two 830-foot deep wells. Do not wash cars or trailers.

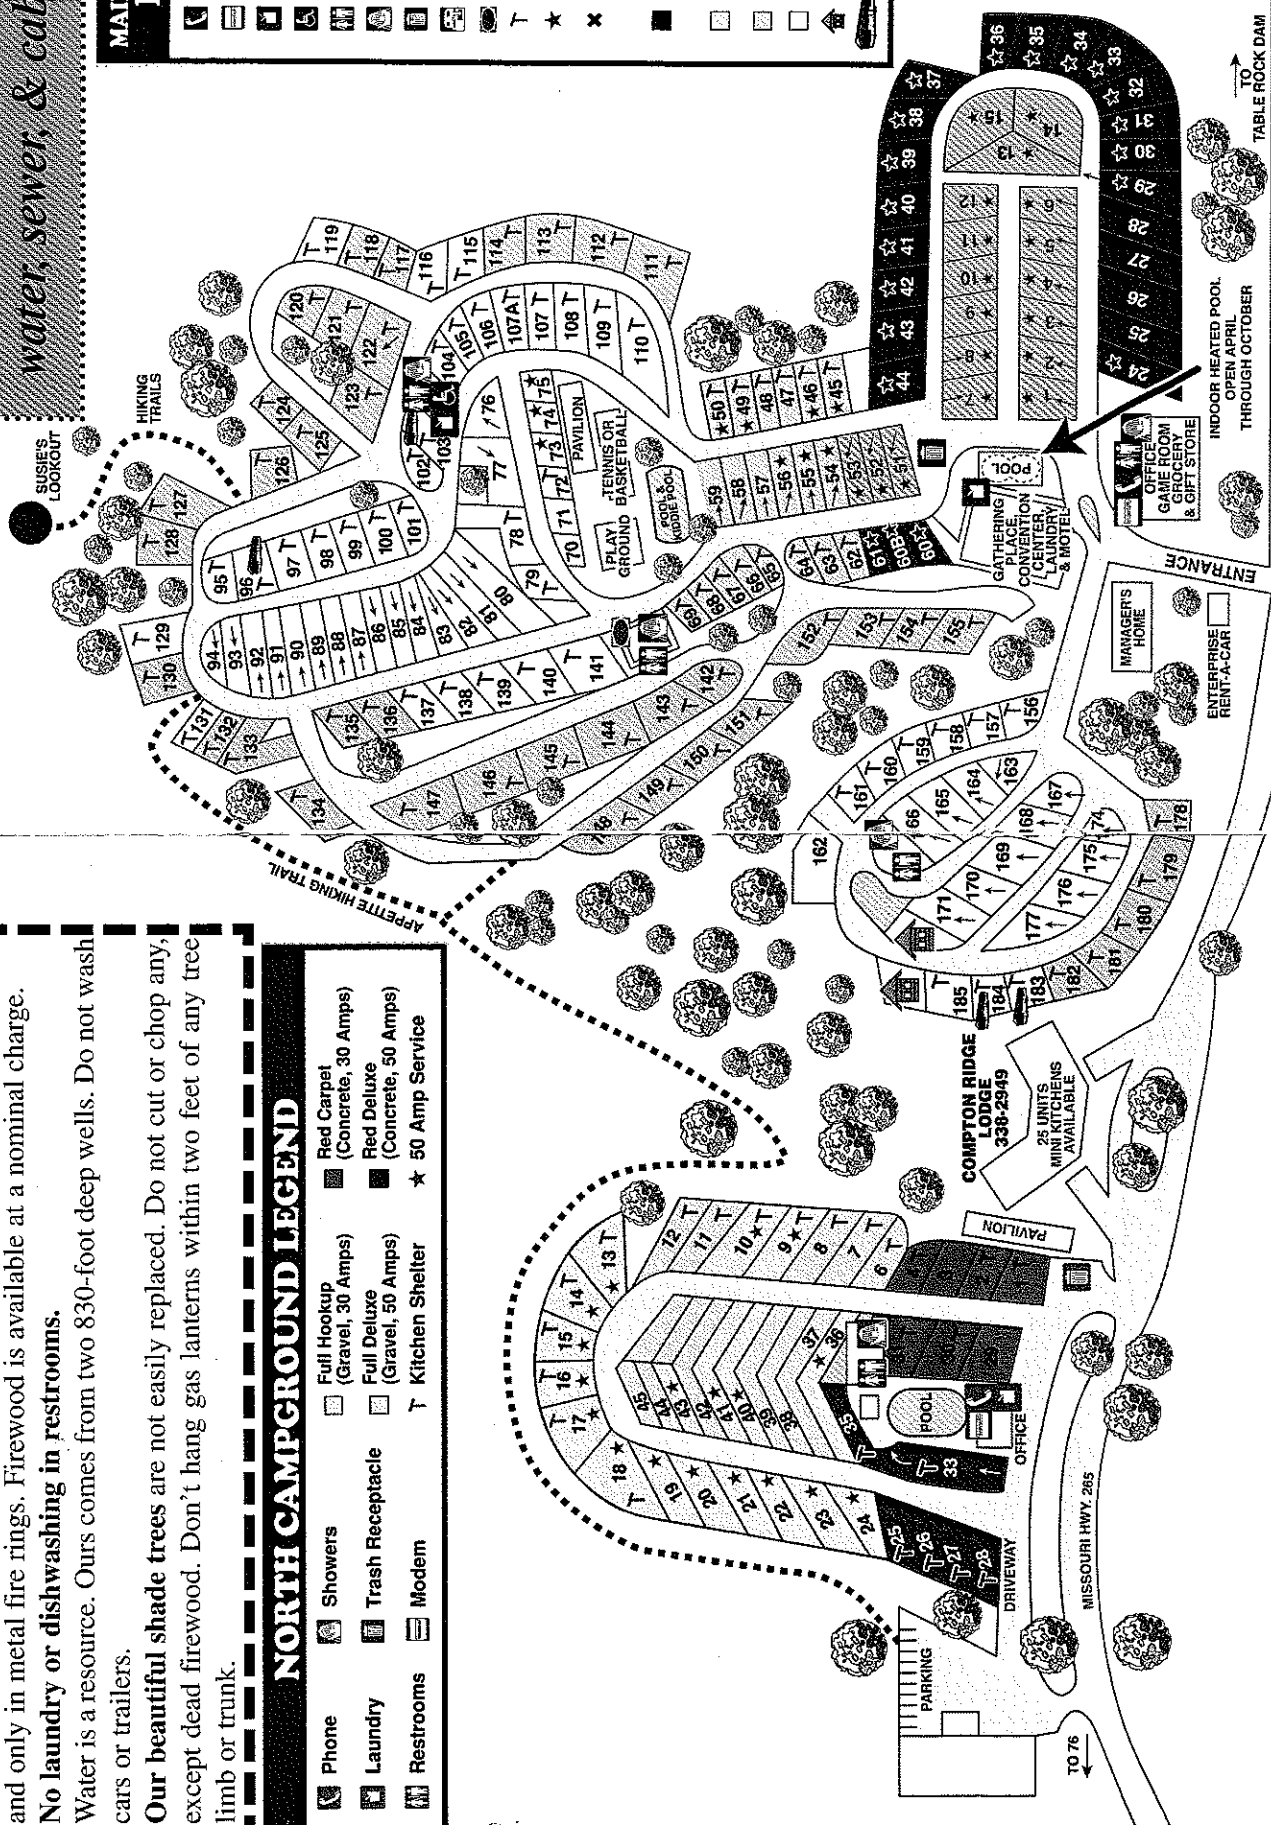

Our beautiful shade trees are not easily replaced. Do not cut or chop any, except dead firewood. Don't hang gas lanterns within two feet of any tree limb or trunk.
