

## Remembering Cape Town to Cairo

Looking back over time it is hard to believe that this is the Golden Anniversary of the most daring Wally Byam Caravan.

My participation on the Caravan was that of the Advance Scout. I met with government officials, checked the roads, approved campsites and located markets, post offices and other necessities for the Caravanner's.

Only one man could ever accomplish this most unusual and difficult trip, that was Wally Byam, the founder and owner of Airstream. Join me with Steve Burrows as we commemorate this historic caravan.
