It's a 1977 Argosy Motorhome. All aluminum body. Think painted Airstream

454 Chevy v8

60k miles

20ft long. Perfect size for two people

I have a ton more info if you are interested.

This is a very rare Motorhome probably the nicest one still on the road. The

paint could be stripped and polished to look like an Airstream if desired.

I have over \$30,000 invested in it. Asking \$28,000
