1991 Airstream Classic Motorhome

- fuel: **gas**
- title status: **clean**
- transmission: **automatic**

Airstream ended the production of these classics in 1991 so these are limited and hard to come by! The quality of Airstream is well known and with a Chevy P30 chassis, 454 motor, and a turbo 400 transmission it's reliability and longevity has been proven time and time again. In addition this model has the banks power pack factory installed. With just a little TLC, wipe down and wash this beauty is ready to go! With 96K original miles and a reliable Onan generator your adventures begins!!
