

Recommended Parts For Purchase For Your New RV

Upon the purchase of your new camping trailer or motorhome, you'll need to first make sure that you have all the equipment you need in order to operate and maintain the RV. While each RV will have different essentials, based on the type and its features, here's a basic list of must-haves, most of which are available for purchase here in our store:

- Sewer Hose
- Fresh Water Hose
- Inline Water Filter
- Coupler Pin
- Coupler Lock
- Hitch Grease/Pads
- Wheel Chocks
- Leveling Blocks
- Insect Screens
- 15/30 30/50 50/30 Amp Power Adapter
- Surge Protector
- RV Septic-Safe Toilet Tissue
- Black/Gray Tank Deodorizer
- RV Cleaning Items (wash, wax, ladder, bucket, sponge)
- Torque Wrench
- Basic Screwdriver and Socket Set
- Basic Drill
- Fuse Kit
- Roadside Emergency Kit
- Rivet Kit

After you've purchased the must-have items in order to operate your RV, there are plenty of accessories and other items you'll want to consider as well. This includes various tools, add-on features like solar panels, Airstream Connected kit, lift kits, soft starts, lithium kits, etc. Check out our service menu to see a full list of add-ons and pricing!
